

FHWA ENDANGERED SPECIES CONSULTATION WEB TOOL

ESAFHWA.ORG

Training Webcast

The ESA•FHWA Site is an online tool that helps project proponents:

- improve quality of BAs submitted for consultation with federal agencies
- expedite internal assurance reviews
- increase consistency among projects and regions
- reduce project delays due to incomplete BAs and requests for additional information
- promote accountability and transparency through tracking and reporting

ESAFHWA Site Nationwide Rollout

In July 2009, FHWA is launching the *ESA•FHWA* Site for nationwide use. These training sessions are designed to assist all users in being able to quickly get up to speed using this web tool.

Upon completion of the training participants will be able to:

- Download and use the Standard Biological Assessment Template
- Set up individual project files
- Establish project teams utilizing this site to share documents and store all project documents and emails
- Archive and retrieve completed Biological Assessments, Biological Opinions, and Letters of Concurrence.

Target Audience: FHWA division, State DOT, Environmental Resource agency staff as well as private-sector environmental practitioners

Lines are limited so please participate in groups if possible

Schedule: The webcast is being offered on the following three dates:

- Tuesday, July 21 – 2pm to 5pm EST ([Register Here](#))
